

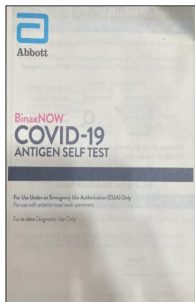

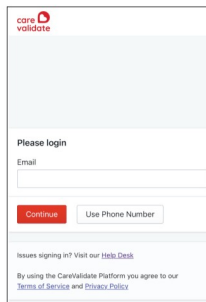

Photo Validation of OTC Rapid Antigen Tests

User Instructions for Care360 website on Desktop Devices

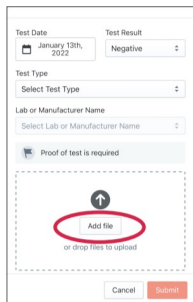

Step 1

Carefully follow the instructions provided in your Antigen Self Test and perform the test.

Step 2

Go to care360.carevalidate.com and login per the instructions received in the welcome email.

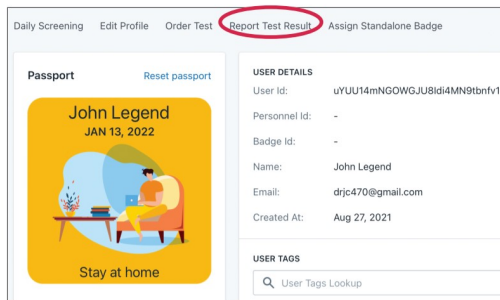

Step 5

Enter test details and click Add File.

Step 6

Upload a picture (jpg, png or pdf format) of your test cartridge with the test result in the white square. Click Submit.

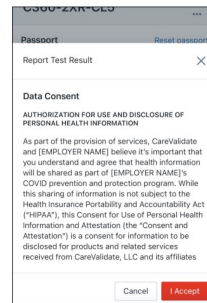

Step 3

Click Report a Test Result.

TESTING				
Date	Type	Result	Lab	
Jan 13, 2022	Rapid Antigen	Pending	Abbott B...	Show Files
Jan 05, 2022	Rapid Antigen	NEGATIVE	Quidel Q...	Show Files
Jan 03, 2022	RT-PCR	POSITIVE	Other	Show Files
Dec 20, 2021	Rapid Antigen	POSITIVE	Abbott	Show Files
Dec 13, 2021	Rapid Antigen	NEGATIVE	Abbott	Show Files

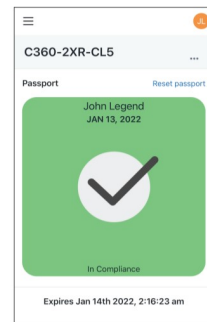

Step 7

The test result status will change from Pending to Negative or Positive. This usually takes 5-10 minutes and you will receive an email when this happens.

Step 4

Review the data consent and click I Accept to proceed.

Step 8

Upon successful validation of a negative test the Care360 Passport will turn green for 7 days.
